<https://derudhan.my.id/>

Computer Science Student at Universitas Siliwangi with a focus on Game Development and Software Engineering. Experienced in building interactive applications using Unity and C# through internships and intensive study programs. Dedicated to creating scalable systems and clean code architecture, with a strong interest in developing immersive user experiences.

EXPERIENCES

Kaabaverse – Bandung

June 2025 – August 2025

Unity Programmer Intern

- Contributed to the research and development (R&D) of an immersive underwater photobooth prototype utilizing Unity and MediaPipe integration.
- Collaborated closely with a Senior Software Engineer to optimize code performance and integrate hardware components (Sony SDK).
- Assisted in establishing a functional production pipeline for real-time green screen segmentation and 3D scene re-simulation.

Infinite Learning (MSIB) – Remote

March 2025 – July 2025

Game Development Mentee (Independent Study)

- Completed a 5-month intensive game development curriculum focusing on Unity Engine architecture, C# programming, and project management.
- Collaborated within a cross-disciplinary team to develop a fully playable game from concept to final build, handling gameplay mechanics and version control.
- Applied Agile methodologies (Scrum/Kanban) using Trello and Notion to ensure timely project delivery.

EDUCATION LEVEL

Universitas Siliwangi – Tasikmalaya

Bachelor's Degree in Computer Science | Expected Graduation: June 2026

GPA: 3.7/4.0 | Relevant Courses: Data Structures, Algorithms, Game Development, Web Development, Object-Oriented Programming.

SKILLS & CERTIFICATIONS

- **Soft Skills:** Team Collaboration, Agile Methodology, Problem Solving, Time Management.
- **Hard Skills:** Unity Engine, C# (Programming), Godot, Git/GitHub, Blender (Basic), Web Development.
- **Certifications:** [Associate Unity Programmer](#) (Unity Technologies, 2025), Game AI Programming (Agate, 2024), Internship Certification (Infinite Learning, 2025).

ORGANIZATIONS & VOLUNTEER

Student Orientation Committee (OMBUS) – Universitas Siliwangi

Creative & Documentation Staff | August 2022 – September 2022

- Documented key event moments through photography and videography, ensuring high-quality visual archives.
- Collaborated with the creative team to design decoration layouts and visual materials for the venue.

ACHIEVEMENTS / SCHOLARSHIP / AWARDS

- Unity x Google Play Scholarship Awardee – 2025
